in a world characterized by an encroaching homogeneity induced by the growth of multinational corporations and globalization the causes of difference accrue new levels of importance this is as true of tourism as in many other spheres of life and one cause of differentiation for tourism promotion is the culture of indigenous peoples this offers opportunities for cultural renaissance income generation and enhanced political empowerment but equally there are possible costs of creating commodities out of aspects of life that previously possessed spiritual meaning this book examines these issues from many different perspectives from those of product design and enhancement of the aspirations of various minority groupings and the patterns of displacements that occur displacements that are not simply spatial but also social and cultural how can these changes be managed case studies and analysis is offered derived from many parts of the globe including north america asia and australasia the contributors themselves have in many instances worked closely with groups and organizations of indigenous peoples and attempt to give voice to their concerns the book is divided into various themes each with a separate introduction and commentary the themes are visitor experiences who manages indigenous cultural tourism product events and artifacts conceptualisation and aspiration in a short final section the silences are noted each silence representing a potential challenge for future research to build upon the notions and lessons reported in the book the book is edited by professor chris ryan from new zealand and michelle aicken of horwath asia pacific

indigenous culture can be found around the globe from the many aboriginal groups present in australia to the inuit groups of north america and masai tribes of africa throughout this book students will discover the similarities and differences in language traditions and religion that exist between the world s indigenous groups they will also investigate the sustainability of indigenous practices and the united nations declaration on the rights of indigenous peoples

ingram philosophy loyola university brings a variety of current social dilemmas together in a mutually illuminating way he examines the concept of legal equality in a multiracial society by considering issues such as self governance for native americans the rights of immigrants affirmative action and racial redistricting tie also tackles the problem of social injustice in a global setting by assessing the negative impact of free trade policies on the rights of groups to self determination and cultural integrity

this book describes the encounter between the common law legal system and the tribal peoples of north america and australasia it is a history of the role of anglophone law in managing relations between the british settlers and indigenous peoples that history runs from the plantation of ireland and settlement of the new world to the end of the twentieth century the book begins by looking at the nature of british imperialism and the position of

non christian peoples at large in the seventeenth and eighteenth centuries it then focuses on north america and australasia from their early national periods in the nineteenth century to the modern era the historical basis of relations is described through the key enduring but constantly shifting questions of sovereignty status and more latterly self determination throughout the history of engagement with common law legalism questions surrounding the settler state s recognition or otherwise of the integrity of the tribe have recurred these issues were addressed in many and varied imperial and colonial contexts but all jurisdictions have shared remarkable historical parallels which have been accentuated by their common legal heritage the same questioning continues today in the renewed and controversial claims of the tribal societies to a distinct constitutional position and associated rights of self determination mc hugh examines the political resurgence of aboriginal peoples in the last quarter of the twentieth century a period of rights recognition was transformed into a second generation jurisprudence of rights management and rights integration from the 1990s onwards aboriginal affairs have been driven by an increasingly rampant legalism throughout this history the common law s encounter with tribal peoples not only describes its view of the aboriginal but also reveals a considerable amount about the common law itself as a language of thought this is a history of the voyaging common law
